

BeLife Diagnostic Centre Partnership Proposal

Join India's Connected Corporate Diagnostics Network

About BeLife

BeLife is building a Pan-India network of trusted diagnostic centres to serve corporate health-checkup, pre-employment medical examination, annual health-checkup, and occupational healthcare requirements. We connect corporate healthcare demand with capable diagnostic centres through a managed network.

The Partnership Model

- BeLife manages corporate client acquisition and coordination.
- BeLife coordinates employee appointments and scheduling.
- The partner centre provides the agreed diagnostic services.
- BeLife handles corporate billing and payment follow-up.
- Your centre focuses on delivering quality diagnostic services.

Benefits for Partner Centres

- Corporate healthcare access: annual checkups, pre-employment exams and occupational health.
- Better facility utilisation by filling capacity gaps with coordinated corporate appointments.
- Appointment coordination handled by BeLife.
- Medical camp and employee health checkup programme participation.
- Clear, mutually agreed commercial rates and payment terms.
- Long-term partnership within a growing Pan-India diagnostic network.

Onboarding Process

- Step 1 - Submit registration (online form or download, fill and upload the PDF form).
- Step 2 - Application review of facilities, capabilities and documents.
- Step 3 - Commercial discussion: rates, report turnaround times and terms.
- Step 4 - Centre assessment and verification where required.
- Step 5 - Partnership approval and onboarding after mutual agreement.
- Step 6 - Network activation: eligible centres begin receiving corporate requirements.

Eligibility

- Valid licences and registrations to operate a diagnostic centre.
- Ability to deliver reliable reports within agreed turnaround times.
- Willingness to follow agreed commercial terms and quality standards.
